The only exception to this rule is if you provide less than ten (10) hours of on-post childcare a week. If you regularly provide more than ten hours of on-post childcare a week and have not been certified as a Family Child Care Provider, you will be in violation of your Housing Lease Agreement and could be jeopardizing the safety and well-being of children. Military members who knowingly allow unauthorized child care in their quarters may be subject to discipline under the UCMJ or adverse administrative action. All persons desiring to provide childcare must contact CYS to start the certification process to become a Family Child Care Provider.

In this case, a clean Physical Training (PT) uniform is approved provided the Soldier has in his/her possession documentation relating to their profile. The mixing of uniforms is prohibited; the only items of military clothing acceptable for wear with civilian attire, without insignia or rank, are windbreakers, sweaters, black all-weather coats, and overcoats.

Similarly, privately owned vehicles operated on USAG-HI installations are prohibited from displaying any sign, bumper sticker, or other item that is patently obscene, racial, or extremist in nature.

2-15. Privately Owned Vehicles. h. Dog fighting for sport or dogs participating in canine "blood sport" fighting is illegal in Hawaii.

i. Individuals will not intentionally maul, torture, mutilate, injure, or kill any domestic animal. Euthanasia of a domestic animal by a veterinarian is authorized.

j. Licensing and Registration.

(1) Pet owners residing on USAG-HI installations will register dogs and cats, housed on USAG-HI installations, with the Fort Shafter or Schofield Barracks Veterinary Treatment Facility (VTF) within 14 days after the pet arrives on the installation. At the time of registration, owners must present a rabies certificate of vaccination to the VTF.

(2) Dog owners must register dogs over 4 months old with the City and County of Honolulu. Register dogs at the City Licensing Department, 1041 Nuuanu Street, Honolulu, HI 96817, or at any satellite city hall.

(3) Owners must immediately report changes to pet registration to the appropriate VTF.

(4) Island Palm Communities residents will register pets with their Island Palm Communities community center.

k. Control and Care of Domestic Animals. Owners of domestic animals are responsible for the security, care, and behavior of their pets.

(1) Pets must be completely under control at all times. Outdoor pets that are unsupervised must be contained within a fenced area. Pets leashed, but not contained within a fenced area must be supervised at all times. Pets must not be left tied anywhere or left unattended in carports or garages. Pets are strictly prohibited from running loose.

(2) Control animals to the extent necessary to prevent loud or continuous noises, annoyance, littering, destruction of plants or other property, and injury or disease to people and other animals.

(3) Report animal bite or scratch incidents to the Provost Marshal. Following an incident, such animals are subject to a 10-day quarantine at home or the VTF, at the discretion of the veterinarian.

(4) Ensure close control of female pets in season (heat) to prevent a gathering of other animals.

(5) Ensure that animals defecate only in the owner's yard. Owners must also pick up, bag, and place feces in a garbage can daily. In the event an animal owned by, or under the control of, a person defecates upon other grounds, the person will immediately pick up, bag, and place the feces in a garbage can.

(6) All dogs and cats must wear pet collars. Pet collars must have a current rabies immunization tag attached.

(7) All cats and dogs kept on USAG-HI installations or in Island Palm Communities are required to have an identification microchip implanted under their skin IAW Policy Memorandum USAG-HI-21, Army Installation Microchip Program. Upon initial screening and registering pet with VTF, if the pet does not have a microchip, pet owners have 90 days to comply with the microchip policy. Microchips can be obtained from any military VTF or a local veterinarian.

(8) Ensure maintenance of pets in a humane manner. Provide adequate shelter from heat, cold, sun, and rain while kept outside; maintain a high level of sanitation where animals are housed; provide adequate quantities of food and water; immunize pets; do not leave pets unattended inside motor vehicles; arrange for pets to receive care while the owners are away from home longer than 24 hours.

I. Penalties. Failure to comply with pet ownership and control requirements may, in addition to other administrative or punitive action, result in impoundment or removal of pets and loss of the privilege to have pets in Island Palm Communities housing on USAG-HI installations, or termination of Island Palm Communities quarters. Island Palm Communities and the USAG-HI Commander retain authority to require the removal of any animal from Island Palm Communities quarters.

2-31. Abandoned Vehicles.

a. Vehicles are deemed abandoned if they meet the following criteria:

(1) Any privately owned vehicle, including recreational vehicles, left unattended on USAG-HI installations and sites with registration expired over 30 days or that appears abandoned through visual signs. Examples are vehicles missing essential components required for operation like flat or missing tire(s), windshield, engine, steering mechanisms, on jack stand or bricks.

(2) Law enforcement personnel have a reasonable belief the vehicle is abandoned and efforts to contact the owner have failed.

b. Vehicles are towed at the expense of the owner, who is required to pay the towing contract company for the service of towing, impoundment and any applicable administrative fees.

c. Vehicles parked at the POV resale lot, without proper registration with DFMWR, are treated as abandoned and towed at the owner's expense. Vehicles parked elsewhere on the installation with a "For Sale" sign are treated as abandoned and towed at the owner's expense.

(1) It is the responsibility of the seller of the motor vehicle to ensure that all documents pertaining to the transfer of the motor vehicle are properly submitted to the Department of Motor Vehicles. Seller must fill in the odometer reading. Seller must sign, date and print their name on the back of the certificate. If there is a lienholder, the lienholder must complete Section B, on the back of the certificate. Complete the Notice of Transfer form and submit it to the Satellite City Hall within ten days of the transfer for sale.

(2) Failure to do so could result in fines and or judgements.

d. Abandoning a vehicle on any USAG-HI installation will result in the suspension of on post driving privileges for 180 days. Subsequent offenses could result in debarment from all USAG-HI installations.

e. Active Duty military personnel discovered abandoning a vehicle on a U.S. Army or DoD installation in Hawaii prior to a PCS will have notice of their conduct forwarded to their gaining commander(s).

Chapter 3

Debarments

3-1. Purpose. This chapter sets forth guidance for issuing prohibited entry orders to individuals who are titled or charged for misconduct, or whose presence is contrary to good order and discipline. Such individuals include DoD affiliated and non-affiliated individuals, active and reserve component military personnel, military retirees, Family members, appropriated and non-appropriated fund federal government employees, non-affiliated recipients, and all others identified as persons to be excluded from the installation for cause.

3-2. Policy. A bar order may be issued when an individual's misconduct, whether on or off post, establishes that his or her continued presence on the installation is not in the best interests of the Army or adversely affects the maintenance of good order and discipline. A bar order becomes effective the date the order is issued. If an individual violates an order not to reenter an installation, he or she may be prosecuted for criminal trespass and subject to both fine and imprisonment. Title U.S.C. § 1382 makes it unlawful to reenter an Army post after having been "ordered not to reenter by any officer or person in command or charge" of the installation.

3-3. Responsibilities.

a. The Senior Commander retains the authority to exclude individuals from a military post to assure the health, safety, and security of those who live and work on the installation or to protect property. The Senior Commander also retains the authority to review whether a case with compelling circumstances warrants imposing a penalty more or less severe than the normal course of action. Such alternative course of actions may include issuing a warning letter in lieu of barring an individual or issuing a longer debarment period than typically prescribed to the offense.

b. The Commander, USAG-HI, and the Commander, USAG-PTA, are authorized to issue bar orders following the procedures below. The Directorate of Emergency Services, Provost Marshal Office, and the USAG-HI Community Compliance Office are authorized to carry out the administrative and ministerial functions necessary to process bar orders. These offices will review incidents of misconduct and requests for bar orders from units or law enforcement personnel within their areas of responsibility. The bar orders will be processed according to the procedures below.

c. Commanders in the grade of O-6 are authorized to issue bar orders to enlisted Soldiers in their command who are separated pursuant to AR 635-200, chapter 14. Commanders will demonstrate discretion in issuing bars and determining their duration, considering all relevant case-specific factors to include the nature and gravity of the underlying offenses, which form the basis of the separation. The unit's servicing legal office will obtain and use template bar orders from the USAG-HI Community Compliance Office. If the Soldier is present for their separation, units will obtain written acknowledgment of the bar orders, effective upon discharge, from the separated Soldier and provide a copy of the bar order and written acknowledgment to and processed by

the Directorate of Emergency Services, Provost Marshal Office, and the USAG-HI Community Compliance Office pursuant to paragraph 4-4 of this regulation.

3-4. Procedures.

a. Types of Bars: Generally, there are 2 types of bars: Standard Bar, which is where an individual is barred from any access to the installation and Limited Bar, which is where an individual retains limited privileges to reenter the installation under certain circumstances. The type of bars individuals receive depends on their status. For individuals with more than one status, the least restrictive type of bar should be issued. Bars should be issued as follows:

(1) A civilian not affiliated with the military receives a standard bar order.

(2) Military Family members and retirees receive limited bar orders that are narrowly tailored to authorize the individual access directly to and from emergency medical treatment and scheduled medical appointments. Except for urgent or emergency medical treatment, notification must be made to the Military Police Desk Sergeant not less than 24 hours prior to entering the installation for any of the aforementioned reasons and again when leaving the installation.

(3) DoD appropriated employees receive limited bar orders authorizing access to Army installations to the extent necessary to perform their official duties or to defend against related adverse actions. Any other government employee, such as non-appropriated DoD, non-DoD Federal, State of Hawaii and City and County employees with installation access should be brought to the USAG-HI Commander to determine the type of bar or whether their employing agency would prefer to relieve them of their on-post duties before issuing a bar.

(4) Service members receive a narrowly tailored bar providing exceptions that may be applicable to that person, and the bar cannot prohibit entry to the installation he or she is assigned or attached. Moreover, if a Soldier is being involuntarily separated from military service with a punitive discharge or unfavorable characterization of service, commanders should submit a request to bar if the underlying misconduct warrants. Ideally, such a request should be made in advance of the separation date so that the memorandum can be presented to the Soldier in person.

b. Predetermined Length of Bar for Particular Offenses. A single act of misconduct, occurring on or off post, may justify a bar order. For offenses listed below in which a Central Violations Bureau form (previously DD Form 1805) is issued, a Military Policy Report (MPR) (DA Form 3975) is generated, or equivalent reports are prepared by civilian law enforcement authorities, the period of exclusion is specified below:

(1) Indefinite Bar (until senior commander gives individual written permission for reentry):

Arson
Aggravated Assault Offenses (felonies)
Burglary/Housebreaking
Counterfeiting /Forgery
Property Destruction or Damage (over \$500)
Drug/Narcotic Distribution Offenses
Embezzlement /Fraud Offense
Criminal Homicide (murder and non-negligent homicide)
Kidnapping /Abduction
Motor Vehicle Theft
Prostitution
Robbery
Sexual Offenses (i.e. rape, sodomy, sexual assault, sexual abuse, sex with a minor, possession or production of child pornography)

(2) Period Specified Bar (3 Years)

Assault (simple battery)
Issuing Bad Checks
Disorderly Conduct/Public Drunkenness/Liquor Law Violations
Driving Under the Influence
Illegal Drug Possession/Paraphernalia
Indecent Exposure/Voyeurism
Larceny/Theft/Shoplifting Offenses (\$100 or over)
Destruction or Damage Under \$500
Receiving Stolen Property
Resisting Arrest
Repeated pattern of minor criminal misconduct – three or more titled (or charged) offenses
Terroristic Threats
Trespassing
Vandalism (mischief)

(3) Period Specified Bar (2 Years)

Larceny/Theft/Shoplifting Offenses (under \$100)

(4) All other instances warranting exclusion from the installation, including bar orders issued by other services, will be reviewed by the Office of the Staff Judge Advocate, 25th Infantry Division, Administrative Law Section, and USAG-HI, prior to forwarding for appropriate further action, if any.

c. Upon issuance of a bar, Military Police desk personnel will enter the information in the Army Law Enforcement Reporting (ALERTS) system. A copy of the bar will be attached to the MPR, one copy forwarded to the issuing commander's office with supporting documentation, and one copy issued to the offender being barred. Ensure the personal delivery of the bar order to the offender when released from MP custody, or

dispatch the bar order by certified mail, return receipt requested. Once the bar order has been issued, provide copies of the bar order to the "Copy Furnished" addressees on the bar order. If the bar order is returned by the Postmaster as undeliverable, send a copy of the letter to the MP operations section responsible for police operation in the area where the incident that led to a bar order occurred. If the offender of the bar order reappears on post, law enforcement personnel will serve the bar letter on him or her, and obtain a signed receipt as proof of delivery. The recipient will immediately be escorted off post. The MPs will then notify the initiating commander of the details of the delivery. After receiving this notification, the initiating commander will provide a copy to each of the "Copy Furnished" addressees.

d. Maintain a copy of the signed order, supporting evidence, proof of delivery, and all other related documents. Retain the documentation, even if the order is not approved or delivered, as it may support a later bar order if the individual commits further misconduct. Bar actions will be maintained on file for at least one year after the bar letter expires.

e. Notify individuals receiving bar orders of their right to submit evidence through offices requesting modification from standard bar to a limited bar based on their current status or future change in status (e.g., civilian enters active duty or marries a service member). Individuals may submit a request for reconsideration at any time. Commanders USAG-HI and USAG-PTA, in conjunction with the Office of the Staff Judge Advocate will evaluate reconsideration responses submitted by individuals who receive orders, and recommend appropriate action.

f. DES or other offices on Army installations handling criminal prosecutions, personnel actions, investigations, reports or other actions implicating potential risks to the mission or which may concern the health and safety of personnel will be brought to the attention of the Community Compliance Office. Examples include registering as a sex offender, being belligerent with staff, losing a security clearance, engaging in criminal misconduct on or off post, engaging in employee misconduct, or other similar activities. The debarment process should be a normal consideration in any administrative or criminal process addressing risks to personnel, the mission, the workplace or the military community.
